Dear Parents:

This letter is intended to inform our district parents of the letter grade designation issued by the Department of Education for the 2011-12 school year. This grade reflects the most recent academic performance of the Lake Central schools. Indiana's A through F grading system is designed to provide you with an indication of how your schools are doing. The grading system is based on student performance and student growth factors.

You can view the A-F accountability report card for each school by visiting the Indiana Department of Education's COMPASS website at compass.doe.gov. This report details all of the components factored into each school's letter grade. You can also access further information at the Department of Education's FAQ regarding the A- F grades at
