Re: Free and Reduced Lunch Verification

The State of Indiana requires our department to randomly select a percentage of our Free and Reduced price lunch participants to verify the income listed on their current meal/text benefit application. You may be selected for income verification. Notification of selection will be mailed out beginning in September. If your application is selected, please complete the form carefully and mail back to us by the due date with your income verification and social security numbers to avoid interruption of your child's benefits. If you are selected for verification and do not respond, your children will be removed from the breakfast/ lunch program and you will be responsible for all textbook fees for this school year.
